

# SILVER SUB

IN-WALL, IN-ROOM, ON-WALL

## SILVER SUB

IN-WALL, IN-ROOM, ON-WALL

With 12" drivers, Triad's Silver Subwoofer is a professionally engineered bass-maker, offering extended output and headroom for resounding impact. Hear and feel deep, vibrant bass with control and accuracy, experiencing the compelling low frequencies that enhance and enrich movie soundtracks and music alike. This speaker delivers unmatched performance with studio-grade drivers; sealed, internally braced enclosures; and a high-power amplifier. Long-throw woofers produce enhanced output and substantial impact with ultra-low distortion. Triad's subwoofers combine superior quality and efficiency, completing your soundscape with precision and power in any application or environment.

The Silver Subs maintain clarity and warmth at high volumes, so when you want your room to rumble with bass, your audio still retains precise dynamics and pitch.

### ACCESSORIES AND FINISHES

- In-Wall—AcoustiPerf frameless metal grill
- In-Room—AcoustiPerf metal grill; veneer finish
- On-Wall—Isolation mounting brackets included; designed to be used behind cloth wall systems.

## FEATURES

- Fully engineered, premium MDF enclosure
- Acoustic suspension; powered subwoofer
- Compact design; only 14 1/4 inches deep
- Rack friendly (ears included)
- EnergyStar compliant, energy efficient
- Six user-selectable product preset modes (Normal, Cinema, Night, User 1, 2, and 3)
- Changes are dynamic (hear them in real time) and auto saved
- Intuitive menus
- In addition to common menu functions, the Installer Setup menu offers:
  - Slope adjustments for all filters at 12, 24, and 48 dB/octave
  - Multiple power-on methods: 5V-20V trigger, IR w/discrete controls
  - Sense: Sense on threshold, sense off in mins
  - Optimize multiple subs for best performance: Delay time aligns subs together for better impact
